Contact Person: Arunachalan, Narayanan

## Bluebird Solar Pvt. Ltd

One of India's leading solar panel manufacturers & among the Top 5 Manufacturers of North India, The 1.2 GW fully automated Manufacturing unit spreads across an area of 5 acres in Greater noida. Our best-in-class modern infrastructure & AI-Driven machines are capable of adopting to both current as well as upcoming technologies of solar panels for seamless Solar PV Manufacturing. Bluebird Solar manufactures the widest range of top-performing M10 Mono PERC Half-cut PV modules that are available in both mono-facial & bi-facial categories in 144,132,120 & 108 Cell configurations.

All Bluebird solar panels are BIS ALMM & IEC certified and comes with first in Industry 30-year linear performance warranty Further in our range of products we also offer Polycrystalline & Mono-PERC modules that cover the range from 40Wp to 550Wp. We will be soon launching Top-Con N-Type Module which shall increase the power class up to 650Wp.

Address: Plot No. 70, First Floor, Rajasthani Udyog Nagar, GT Karnal Rd, Jahangirpuri Industrial Area, Delhi - 110033

## DK SOLAR PROJECTS & VENTURES PVT. LTD.

We as "Electrovast Solutions Pvt Ltd" a young and dynamic organizations based out of Chennai. Our products range encompasses the complete Power Train offering a customer at competitive price involving products of leading manufactures.

ISO 9001 Certified company & having 25,000 Sq ft manufacturing setup with state of art equipment's

Offering Products / Solutions

\*11kV– 33kV 1250A Outdoor HT Panel with Siemens Breakers( Ring Main gear / ICOG) as per local EB / CEIG norms

\*11kV – 33kV Indoor Line up Panels with Internal Arc compliance design

\*415V, LT Panels complying to IEC 61439 standard ( PTTA)

\*415V, LT Air Insulated Busducts complying to IEC 61439 Standard

\*Installation, Testing & Commissioning of above Products/Solutions

\*Authorized reseller for - UPS, Transformer, HDPE PIPES, Cables, Solar BOS Items and Thermal

Monitoring solutions

\*Energy / Harmonics Audit & suitable solution

\*Pre & Post warranty services

Address: 30/3B, Samayapuram Main Rd, Chettiyar Agaram, Sivabootham, Iyyappanthangal, Chennai, Adayalampattu, Tamil Nadu 600095

## Elmack Engg Services Pvt Ltd / FLUKE Technologies Pvt Ltd

Terranova Green Energy Private Limited, a cutting-edge lithium inverter and lithium battery packs manufacturing company, stands at the forefront of the renewable energy revolution. We specialize in the manufacturing and marketing of high-quality Lithium batteries, Lithium inverters, Solar Battery Packs, Solar PCU, Industrial UPS, Material Handling Equipment Battery, and Energy Storage Systems. Terranova Lithium batteries have achieved this level of quality and excellence in the throughput by consortium of expertise who have experience in the lithium batteries for a decade and foreign collaboration in technical and technological research and development.

Our advanced manufacturing facility incorporates precision engineering, ensuring each inverter meets rigorous quality standards. As a pioneer in lithium-based power solutions, Terranova Lithium battery packs boast longer lifespans, enhanced energy storage capabilities, and seamless integration with smart grid technologies.

Terranova lithium battery packs therefore have gained global acclaim for their role in accelerating the transition towards cleaner, sustainable energy sources.

## Novasys eSV Connect

YOUR ONE-STOP-SOLUTION FOR ALL YOUR SOLAR NEEDS. Our CEO and Team come with an overall experience of 150 years and profound exposure in sales, marketing, product development and production.

eSV Connect as a leading supplier of Solar PV Components and Solar PV System Design possess a state-of-the-art manufacturing facility to produce string monitoring, combiner box, array junction box, ACDB, DCDB, solar cable assembly, power cord and wiring harness. We supply power cord and wiring harness for consumer electronics and home appliance, the telecom industry and several other industries. Highly customer-focused and striving to deliver high quality products, eSV has gained enormous reputation in supplying goods by working with only trusted premium partners. Leading provider of Solar PV components and systems, we regard our customers as 'King', sincerely and continuously striving to deliver high quality products, being on-time and cost-effective, enabling customers to successfully execute their projects.

## Premier Energies Limited

Premier Energies, Southern India's largest integrated solar manufacturer and the second-largest in India, brings 28 years of solar industry expertise to the forefront. Committed to sustainable energy solutions, the company operates a state-of-the-art, fully-automated module line capable of producing powerful 600+W solar panels. Handling various cell sizes (M2, G1, M4, M6, M9, M10, and M12), ranging from 156.75x156.75 mm to 210x210 mm, their ultra-efficient solar cells with an anisotropically etched surface and a 182mm half-cut design optimize module performance, improving overall generating capacity. Premier Energies stands as a reliable leader, pioneering advancements in solar technology for a brighter, sustainable tomorrow.

Address: 8th floor, Orbit Tower 1, Sy. No. 83/1, Hyderabad Knowledge City, TSIC, Raidurgam, Hyderabad- 500081, Telangana, India.

## Terranova Green Energy Private Limited

Terranova Green Energy Private Limited, a cutting-edge lithium inverter and lithium battery packs manufacturing company, stands at the forefront of the renewable energy revolution. We specialize in the manufacturing and marketing of high-quality Lithium batteries, Lithium inverters, Solar Battery Packs, Solar PCU, Industrial UPS, Material Handling Equipment Battery, and Energy Storage Systems. Terranova Lithium batteries have achieved this level of quality and excellence in the throughput by consortium of expertise who have experience in the lithium batteries for a decade and foreign collaboration in technical and technological research and development.

Our advanced manufacturing facility incorporates precision engineering, ensuring each inverter meets rigorous quality standards. As a pioneer in lithium-based power solutions, Terranova Lithium battery packs boast longer lifespans, enhanced energy storage capabilities, and seamless integration with smart grid technologies.

Terranova lithium battery packs therefore have gained global acclaim for their role in accelerating the transition towards cleaner, sustainable energy sources.
